Payout: All 1 or 2 year "REQ" Contract Data Features with MRC ≥ \$14.99 initiated with Activations & Upgrade Renewals.

Look for a "REQ" in WATSON and iCAM to identify the correct feature SOC needed to ensure that you are eligible for pay-out.

REQ Features must be added the same day to qualify for the IMEI handset rebate.

Dealers may add the REQ SOC only on the day activation/upgrade is processed on an ALL-IN-ONE device.

Feature REQ SOC Codes must be activated to be eligible for Handset instant rebate payment: Please note that you must activate the above handsets with a Contract Data Features for BOTH New Activation & Upgrade/Renewals. Handsets require a Feature REQ SOC MRC ≥ \$14.99.

IMEI Validation/Payout Rules- IMEIs must be captured correctly to be paid!

- Unique IMEI will be paid out once only.
- The IMEI of the handset must match T-Mobile's shipment record. – Arbitrage Handsets are not eligible.
- The handset IMEI must match what was entered into WATSON/iCAM. The IMEI entered must be found on the network and used within 7 days of the activation/upgrade.
- If the handset is not used within 7 days, activation will not receive the handset instant rebate payout.

NOTE on IMEI Instant Handset Rebate Spiff:

Customers are committing to locking the data feature in with the contract terms. Required 'REQ' features that generate the IMEI instant handset rebate cannot be removed. REQ SOC's must be attached the same day as the "contract" activation or upgrade to qualify for pay-out.

Business Rules -

- This instant rebate is paid out on top of the feature pay-out.
- Since this instant rebate spiff is replacing Mail-In-Rebate, this spiff cannot be combined with other Mail-In-Rebate offers.
- The IMEI of the handset and REQ Feature must be included in the record of Activation to be eligible for instant rebate.
- This REQ feature is part of the contract customer is agreed. These Features cannot be removed other than cancelling entire service.
- This feature with SOC's specified above is part of contract customer is agreed. These Features cannot be removed other than canceling entire service.
- Chargeback: This instant rebate is paid out on a "Data Feature" Any removal of the Data Feature will result in a chargeback.
- T-Mobile reserves the right, in its discretion, to chargeback the IMEI Instant rebate if T-Mobile determines, in its discretion, that any fraudulent activity has occurred.

FAQs:

Question: What happens if a customer calls Care inside 120 days and downgrades from \$24.99 to \$14.99 "Required" Message Value Bundle plan?

Answer: For G1 & Sidekick customers, care will not allow migration. For other devices, if migration happens, Dealer will be charged back the Feature Commission. However as long as the customer keeps at least a \$14.99 "Required" Message Value Bundle plan, Dealer would keep the \$100/\$50 Instant Handset IMEI Rebate Spiff.

Question: Will Dealers be commissioned if they accidentally activate the "unlocked" Non-Required feature in Watson?

Answer: Dealers would NOT receive \$100/\$50 IMEI Rebate on an "unlocked" Non-REQ feature.

Question: Will Dealer be commissioned if a BlackBerry Customer with an existing \$24.99 Data SOC upgrades equipment and agrees to a new \$24.99 2YC Locked SOC?

Answer: The Dealer would receive \$100/\$50 IMEI Rebate and the Feature Commission Payment (as if it were a new attachment).

Question: What happens if the original activation was done by a dealer and an equipment upgrade takes place inside 120 days of activation through Care, what happens with my commission?

Answer: The Dealer would be charged back the Feature Commission Payment and the \$100/\$50 IMEI Rebate.

Question: If Dealers accidentally selects the "unlocked" Non-Required feature in ICAM, on an eligible upgrade will they be commissioned?

Answer: Dealers will receive the current upgrade compensation however Dealers will not receive the \$100/\$50 IMEI Instant rebate on an "unlocked" Non-REQ feature.

Question: Will there be a chargeback if the upgrade takes place inside the 120 day chargeback window?

Answer: Dealers will be charged back the Feature Commission Payment and the \$100/\$50 IMEI Rebate (unless customer selects \$14.99 or above Data Feature).

Question: What if a customer changes their rate plan or downgrades data plans once outside of 120 days?

Answer: There will be no commission impact.

REMINDER:

T-Mobile G1, T-Mobile myTouch 3G and Sidekick are not eligible for pay-out if you add a REQ \$14.99 SOC
