

Data Feature Instant Discount Spiff – Business Rules Update

Effective August 1, updated business rules will be used for the Data Feature Instant Discount Spiff.

Details include:

- Pay any data lock transactions that occur in the **same calendar month** of the activation/upgrade. The IMEI of the handset and REQ SOC Code must also be included.
 - Example 1: If an 08/12 activation had a REQ SOC Code added on 08/28, payout will occur towards eligible data lock device.
 - Example 2: If an 08/12 activation with an **eligible data lock device** had a REQ SOC Code added on 09/04, payout will *not* occur.
- Customer must have same MSISDN or SIM to qualify for this spiff.

Please let your Commission Specialist know if you have any questions.
